Call for Papers

2022 The 7th International Conference on Power and Renewable Energy

2022 The 7th International Conference on Power and Renewable Energy, the annual premier power and renewable energy development meeting, will be held from September 23-26, 2022 in Shanghai, China.

ICPRE is an annual conference in the Asia-Pacific Region that attracts industry practitioners, policy makers and researchers to share and exchange the experiences, ideas and technologies on power and renewable energy. Interest in Power and Renewable Energy with novel achievements has remarkably increased in recent years. ICPRE welcome you to submit the papers that could be included in two main topics-Clean and Renewable Energy as well as Power and Energy Engineering by following general topics, but not limited to this.

The proceedings of ICPRE2016-2021 have been published online and indexed by EI Compendex and Scopus. The proceedings of ICPRE2021 included in IEEE Xplore already. Now ICPRE2022 is calling for papers. Hope to see you at ICPRE2022.

Topics (not limited)

Topic I: Clean and Renewable Energy

- Distributed Generation (DG)
- Energy-Saving Technology
- New Energy Applications
- New Energy Materials and Devices
- Photovoltaic Systems and Solar Energy Engineering
- Renewable Energy Utilizations
- Wind Energy Systems

Topic II: Power and Energy Engineering

- Active Distribution Networks Technology
- Electric Grid of the Future
- Energy Interconnection, Integrated Energy System
- Energy Storage Technologies and Devices
- Fault Monitoring and Predictive Maintenance
- Power Systems and Automation
- UHV AC/DC Transmission
- Virtual Power Plant
- VSC-HVDC

Topic III: Shipping Clean Energy

- Utilization Technology
- New Ship Fuel Utilization Technology
- New energy utilization technology for shipping
- Ship energy storage technology
- Ship Hydrogen Utilization and Fuel Cell Technology
- Shipping Smart Energy Management Technology
